Faithfully Serving Summit County Community For 10 Years

Visiting Angels Director/Owner

Jodi Wood RN BSN

Mrs. Jodi Wood is proud and excited to share with everyone in the Summit County community that her Visiting Angels agency has been assisting hundreds of clients to live as long as possible, as independently as possible in the comfort of their own homes for 10 years!

That's quite an achievement and one she is very proud of!

What makes her Visiting Angels agency so special is the passion, compassion and caring disposition exhibited in everyone on her very special Visiting Angels staff.

Jodi, the Director/Owner of her Visiting Angels agency, is also a Licensed Registered Nurse and possesses a Bachelor of Science in Nursing so not only does she excel in the "caring" category ... she has real world experience in health care industry as well.

Just read what some clients have said about her and her staff.

Jodi,
I'll have been using Visiting Angels for 3 years! ... you have given me back as much of my life as possible for which I am forever grateful. If I am blessed to live life to the point I need help, I hope I will find women + men like those who have given their hands and hearts to my parents.
